ARTICLES OF AGREEMENT

ENTERED INTO BETWEEN MR Gerow, of the city of Victoria, V.I., and Mr Weir, of Gungeness, W.T:

Whereby both parties bind themselves to shoot at the distance of 150 yards, for the sum of $500 (Three Hundred Dollars) a side; $250 (One Hundred and Fifty Dollars) each to be put up as forfeit in the event of either party failing to come forward with the amount of stakes on the day appointed for the above match to take place.

The above match to be shot on the 25th December, 1867, if the weather is favorable, or the first fine day afterwards.

The ground to be selected by both parties the day before the match takes place, in the vicinity of Victoria. The targets to be three feet square, and to measure from the centre; each shot to be measured by what is generally known as string measure.

The above match to be decided by both parties firing 15 (fifteen) shots each of hand; either party to have the privilege of using any open sighted rifle, but no artificial sights to be used.

In witness whereof, we hereby set our hands and seals.

G. C. GEROW.
JOHN WEIR.

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structure; it heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of rheumatism and Gout this ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflamation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible ape

Diptheria, Bronchitis, Sore Throats, Coughs and Colds

his class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency nd safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a surer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, as no delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might be Holloway's Ointment with instant relief, and effect heir own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a to rough cure.

Both the Ointment and Pills should be used in the following cases—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore Throats,
Bunions	Elephantiasis,	Skin Diseases
Bite of Moschetos	Fistulas,	Scurvy,
and Sand Flies,	Gout,	Sore Heads,
Coco-bay,	Glandular	Tumours,
Chigo-foot,	ings,	Ulcers,
Chilblains,	Lumbago,	Wounds

LIQUOR CARBONIS DETERGENS

OR

Concentrated Alcoholic Solution of the

Constituents of COAL TAR

[Extract from the Lancet, Dec. 22, 1866.

LIQ. CARBONIS DETERGENS—We are very sceptical of the value of new remedies, and it was in a spirit of scepticism that we tried the liq. carbonis detergens. It is represented to be a concentrated alcoholic solution of the constituents of coal tar, and to contain all the active ingredients of the tar, to wit, benzine, naphthaline, and phenic acid. The addition of water, with agitation, makes a durable emulsion, in which the tar remains in a state of fine suspension, almost equivalent to solution. Our therapeutical experience of the preparation is very satisfactory indeed. In our hands it has been a most effective agent in the case of various skin diseases, especially of the eczematous class; and one case of psoriasis which had resisted all other kinds of treatment speedily got well under the application of the liq. carbonis detergens. We esteem it a very valuable addition to our list of skin remedies, and worthy of a very extended trial by the profession. In the above classes of disease, and in various others, such as fetid ulcers, etc., the preparation is put into the form of soap.

PURE COAL TAR SOAP

Consulate of the United States of America,
VICTORIA, Vancouver Island, Oct 30, 1867.

I am instructed to publish the following Regulation for general information.

ALLEN FRANCIS,
U. S. Consul.

DEPARTMENT OF STATE,
Washington, D.C., August 13, 1867.

To the Consular Officers of the United States

Your attention is called to the 25th section of the Act entitled "An Act further to prevent smuggling, and for other purposes," approved July 18, 1866, which is as follows:

"Sec. 25. And be it further enacted, That, on and after the 1st day of July next, the several provisions of the Act entitled "An Act to regulate the collection of duties on imports and tonnage," approved March two, seventeen hundred and ninety nine, relating to manifests, shall apply as well to vessels owned in whole or in part by foreigners as to vessels of the United States; and that the Secretary of State send copies of this section to all consular officers of the United States in foreign countries"

Your attention is also called to the fact that, by Section 3 of chap 42 of the laws of the second session of the 39th Congress, the section above quoted was amended by inserting the word "March" in place of the word "July" therein.

It will be seen that the law has already gone into effect, which places vessels owned in whole or in part by foreigners upon the same footing as vessels owned by citizens of the United States, so far as the production of manifests is concerned.

You are, therefore, instructed to inform the masters of all vessels leaving your port for the United States that they are required to produce manifests in accordance with the provisions of section twenty-three (23) of the act to regulate the collection of duties on imports and tonnage, approved March 2 1799. A copy of which is hereto annexed. (Statutes at Large, vol. 1, p. 644.)

WILLIAM H. SEWARD.

SEC. 23 And be it further enacted, That no goods, wares or merchandise shall be brought into the United States from any foreign port or place, in any ship or vessel belonging in the whole or in part to a citizen or citizens, inhabitant or inhabitants of the United States, unless the master or person having the charge or command of such ship or vessel shall have on board a manifest or manifests in writing, signed by such master or other person, containing the name or names of the port or ports, place or places where the goods in such manifest or manifests mentioned shall have been respectively taken on board, and the port or ports, place or places within the United States for which the same are respectively consigned or destined, particularly noting the goods, wares and merchandise destined for each port or place, respectively, and the name, description and built of such ship or vessel, and the true admeasurement or tonnage thereof, the port or place to which such vessel belongs, with the name or names of each owner, according to the register of the same, together with the name of the master or other person having the charge or command of such ship or vessel, and a just and particular account of all the goods, wares and merchandise so laden or taken on board, whether in packages or stowed loose, of any kind or nature whatsoever, together with the marks and numbers as marked on each package, and the number or quantity and description of the packages, in words at length, whether hogsheads, pipe, butt, puncheon, hogshead, barrel, keg, case, bale, pack, truss, chest, box, bandbox, bundle, parcel, cask, or package of any kind or sort, describing the same by its usual name or denomination, together with the name or names of the person or persons to whom the same are respectively consigned, agreeably to the bills of lading, signed for the same, unless when the said goods are consigned to order, when it shall be so expressed in the said manifest or manifests, together with the name or names of the several passengers on board the said ship or vessel, distinguishing whether cabin or steerage passengers, or both with their baggage, specifying the number and description of packages belonging to each, respectively, together with an account of the remaining stores, if any; and a form of a manifest for goods and merchandise imported in a vessel of the United States shall be as follows, to wit:

Report and manifest of the cargo laden on board of the [here insert the denomination and name of the vessel] whereof [insert the master's name] is master, which cargo was taken on board at [here insert the port or ports, place or places, at which the cargo was laden] burden tons, built at , in the State of , and owned by merchants at , [inserting the tonnage, where built, by whom owned, and place or places of residence, as particularly detailed in the certificated register] as per register granted at [here insert the port or place] the [here insert the day of the month and year when granted] and bound for [here insert the name of the port or place where bound to]

CHLORODYNE.

DR. J. COLLIS BROWNE'S CHLORODYNE. Vice-Chancellor Sir W. Page Wood stated publicly in court that Dr J. Collis Browne was undoubtedly the inventor of Chlorodyne, that the whole story of the defendant Freeman was deliberately untrue, and he regretted to say it had been sworn to. See the TIMES, July 13th, 1864.

Dr J. Collis Browne's Chlorodyne—The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport, that he had received information to the effect that the only remedy of any service for Cholera was Chlorodyne. See LANCET, Dec. 31, 1864.

Dr J. Collis Browne's Chlorodyne—Extract from MEDICAL TIMES, Jan 12th, 1866—'Is prescribed by scores of orthodox medical practioners. Of course it would not be thus singularly popular did it not supply a want and fill a place.'

Dr J. Collis Browne's Chlorodyne is the best and most certain remedy in Coughs, Colds, Asthma, Consumption, Neuralgia, Rheumatism, &c.

Dr J. Collis Browne's Chlorodyne is a certain cure in Cholera, Dysentery, Diarrhœa, Colics, &c.

Dr. J. Collis Browne's Chlorodyne—Extract from the General Board of Health, London, as to its efficacy in Cholera—'So entirely are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of adopting it in all cases.' From A. Montgomery, Esq., late Inspector of Hospitals, Bombay—'Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering and when all other medicines had failed.'

Dr. J. Collis Browne's Chlorodyne.—CAUTION—None genuine without the words 'Dr. J. Collis Browne's Chlorodyne' on the Government stamp. Overwhelming medical testimony accompanies each bottle. Farnan's Specific has stood the test of years, and it beneficial influence, as well as the extraordinary rapidity with which it acts on the system and removes pain and the cause of pain—that is to say, the condition of the blood and stomach which produced the affliction—can be witnessed to by thousands. The cure is as COMPLETE as it is RAPID, and, strengthened by the testimonies of a large body of patients who have received almost INSTANTANEOUS relief after all other remedies have failed, the proprietor has the utmost confidence in offering it to the notice of the public. To the constitution it is harmless; to the fluids of the human frame it adds a healthy impetus; to the system generally it is invigorating to a degree unparalleled; and both sexes may take it to equal advantage. A dose taken about once a month, operates most effectually in preventing a return of the complaint.

The Capital Memorial Meeting.

The meeting called at the Theatre this evening, for the purpose of returning thanks to Donald Fraser, Esq., and other gentlemen in London, for their exertions towards having the Seat of Government fixed at Victoria, will, we doubt not, be numerously attended. Our interests have been zealously guarded by the gentleman named and his *confreres;* and by the passage of resolutions expressive of our thanks and gratitude, we shall show a proper appreciation of their efforts, and endorse their action in our behalf. A united and vigorous expression of sentiment to-night will strengthen the hands of the m morialists and encourage them to continue their exertions towards reforming the condition of public affairs in this sadly misgoverned Colony. We produce below the most important portions of the first memorial presented to the Secretary for the Colonies on the subject of the Capital, which have not previously appeared in print here:

5th.—The undersigned beg to express their full concurrence in the opinion of the Colonists, that under the existing conditions of the United Colony, and having regard to its prospects in the future, Victoria is the most suitable place for the Seat of Government. In support to this opinion, they adduce the following reasons: viz—The Port of Victoria, with its two harbours of Victoria and Esquimalt, can accommodate Vessels of the greatest draft of water, is easy to access from the Ocean, and is a ways open to navigation. New Westminster, on the other hand, is—especially to Sailing Vessels—difficult and dangerous of approach, in consequence of the tedious and intricate inland navigation of the Haro Archipelago, and because of the sand bars at the mouth of Fraser River, and the occasional freezing of that river. Victoria is the only place in the Colony of any stability and population as a town. It is the commercial, social and educational centre of the Colony; Miners have settled their families there, and are beginning to resort to it during the winter (the non-mining) season, instead of going to San Francisco—a town in a foreign country—to spend their money earned in British Columbia.

It is of vital importance to the Colony that there should be at least one large town; and since, owing to the smallness of the population of both the Mainland and the Island, there cannot be more than one large town, the wise policy evidently is to support Victoria by making it the Seat of Government of the United Colony. To place the capital elsewhere, would be to dissipate the resources available for maintaining in the Colony one large and attractive town; to perpetuate the antagonism and agitation which have hitherto been the fruits of the attempt to establish, by artificial means, a town at New Westminster; and to isolate the Legislature and the Government from the business, the intelligence, and the life of the Colony.

Victoria has always been a Seat of Government, and possesses the requisite public buildings; and the undersigned view with alarm the prospect of a repetition of the expenditure that was incurred to erect these.

6th.—Whoever holds the sea on the North West of America commands both Vancouver Island and the Mainland of British Columbia. Victoria is the head-quarters of the Squadron, and can be defended from attack

7th.—The undersigned have learned with much concern, that the choice of the Seat of Government has been left to Governor Seymour, or the Legislative Council, which is composed chiefly of official members nominated by him. With every good feeling towards Governor Seymour, they cannot but confess that their confidence is his judgment in this matter has been weakened by the spirit of his correspondence on the questions between himself and the Chamber of Commerce of Victoria; contained in the accompanying pamphlet; and by his want of correct information upon, and appreciation of the true position of the Colony, exhibited in his dispatch (No. 14) from Paris to Mr Cardwell, in which Governor Seymour maintained that the general condition of British Columbia was prosperous, at a time when the Colony was in a state of extreme depression: nor can the undersigned refrain from expressing surprise at the unconsciousness professed by Governor Seymour in his Speech to the Legislative Council, herein before quoted, of the interest created in the Colony by the question of the selection of the Seat of Government, while the fact was that for weeks previously this question had been the all absorbing topic throughout the Colony, and the subject of public Meetings.

8th.—The undersigned are filled with anxiety lest a wrong selection of a Capital, made in disregard of the wishes and interests of the people of the United Colony, should alienate the attachment of the Colonists, and tend to withdraw from British Columbia the support of capitalists and merchants at home whose connection with that Colony is one of its principal ties to the Mother Country.

The settled population of British Columbia has been greatly diminished by emigration; which has been in progress for two years and unfortunately still continues.

9th—The undersigned respectfully urge that your Grace will immediately take such steps as may appear necessary to prevent, in the meantime, the abandonment of Victoria as the Seat of Government, and to ensure that the final selection of the Capital of British Columbia shall be in accordance with the well understood wishes and interests of the settled population of the Colony.

Signed by 52 firms and individuals, and confirmed in a separate memorial to the same effect by the Hudson Bay Company and Bank of British Columbia.

MARTIN LUTHER once thought he saw the devil in his chamber, and threw an inkstand at his head. Had they had in those days AYER'S PILLS to exorcise all the devils that come from a disordered stomach, his laughable fright would not have become a matter of history.

SPECIAL TO THE DAILY BRITISH COLONIST

LAST NIGHT'S DESPATCHES

Europe.

MANCHESTER, Nov. 22—This city has the appearance of being in a state of siege; barracades are erected in the streets; infantry and troops are stationed at different points, and cavalry are patrolling streets; 2000 special policemen have been sworn in, and everything indicates that Government is determined to made the coming execution an imposing demonstration, and to act with firmness and vigor. The Fenians at Birmingham had tumultuous proceedings, at a meeting last night, which produced great excitement.

MANCHESTER, Nov. 23—The condemned Fenians, Allen, Larkin and Gould were executed at one o'clock this morning. The precautions taken against an outbreak were effectual. Although the day was unpleasant, an immense crowd witnessed the execution. The city is perfectly quiet.

LONDON, Nov. 22—The Queen, in a most direct manner, refused to postpone the execution, and preparations are being made in this city to observe in a popular manner the obsequies. A funeral procession will be organized and proceed to Hyde Park, where a solemn meeting will be held.

A proposition has been received from the United States for the purchase of the Hudson Bay Co.'s property, which has caused a rise in the stock of the Company.

Bank of British Columbia.

The general meeting of the proprietors of this company was held yesterday at the London Tavern, Mr. T. W. L. Mackean in the chair.

M. H. E. Ranson, the general manager having read the notice convening the meeting, the report was taken as read. It was as follows:

"In conformity with the promise made by the directors, the shareholders will observe that the expenses of the bank have been very materially decreased during the past half year. In consequence of the uncertain condition of commercial affairs in the United States at the end of last year the directors sent instructions to their managers at the branches to exercise increased caution, and although the result of such restriction has been to lessen the amount of business transacted, and therefore temporarily to diminish the profits of the bank, it has at the same time prevented losses and has placed the bank in a very strong position financially, as will be seen from the accompanying accounts. The directors have much satisfaction in referring to the improved prospects of the gold fields in British Columbia, where for the last six months a steady improvement has taken place, and which by the latest accounts received are confirmed. After paying all charges, and deducting rebate of interest on bills, not due, the balance at credit of profit and loss on 30th June last amounted to £7,534 15s, 7d., of which the directors recommend the appropriation of £5,960 in payment of a dividend at the rate of four per cent. per annum, carrying forward the balance of £1,574 15s. 7d. to the current half year."

The Chairman, in moving the adoption of the report and accounts, apologised for the absence of some of the directors, and stated that since the last meeting there had been no fresh bad debts, and that although the business of the bank had been rather limited, he dare say that the shareholders were aware of the cause, namely, that trade had not yet revived either here or abroad. The business, however, was progressing slowly, and he hoped that with the general revival of trade the board would be able to show a better result than at the present meeting. (Hear, hear.) They notified at the last half yearly meeting that it was their intention to reduce the expenditure, and they would see by the accounts that they had done so. They had closed their sub-branches at Yale and at New Westminster. With respect to the latter, its only use had been to accommodate the government, and they did not think it was necessary to spend £1000 a year to keep up a branch for the government alone. They had therefore concentrated the business of the sub-branch in the Victoria branch. The accounts from the mines were very encouraging. By the last accounts from Cariboo, dated the 20th July, respecting the freshets which had interrrupted the operations of the miners at the lower end of William creek their agent informed them that the men who had been out prospecting in other directions had found a considerable quantity of gold in the outlying creeks. At Canon Creek, where one of the quartz claims was now being worked, very rich ore had been taken out. He mentioned at the last half yearly meeting that the number of resident miners had much increased. That increase was still going on, and they had no doubt that when the new claims were more developed on French Creek, which was not so far north, it would enable a larger population to remain there during the winter. In regard to the colony itself, its revival of prosperity was simply a matter of time. They all thought that by this time it would have been more prosperous than it was, but he would only repeat that it was a very rich country and a British Colony, and that if there was enough capital introduced into it, it would make it only valuable to the bank, but to a large resident population. He informed the shareholders that all detailed information respecting the accounts, or upon other matters which could be furnished to them by the manager consistently with the interest of the bank, would be given to them, and he would be happy to answer any questions that might be now put. In conclusion, he begged to move the adoption of the report and accounts.

Mr. Gillespie seconded the motion.

Mr. Murrell called attention to the reserve fund, and suggested whether it would not be better to invest it in Consols rather than in Columbian Bonds. He thought that the money would be more available in case it was required.

Mr. M. Smith pointed out that money invested here in English Consols could not be available to meet an immediate requirement in the colony.

Mr. Gillespie said that the Columbian Bonds were redeemable in a few years, and were a first charge on the revenue of the colony. He also mentioned that a portion of the reserve fund was already invested in Consols.

In reply to a shareholder,

The Chairman said that he had great pleasure in informing the meeting that the branches at San Francisco and Portland had entirely answered the expectations of the board. San Francisco was a very wide field, and he had no doubt that with the spread of trade and enterprise the position of the Bank of British Columbia in that quarter would greatly improve. Both of the branches alluded to were paying very well. (Cheers.)

A shareholder who spoke from the body of the meeting expressed great doubts as to the advisability of investing the reserve fund in Consols, pointing out that although unquestionably the security was good, yet the value of Consols was always fluctuating. Columbian Bonds had always been regarded as a very sound investment, and, on the whole, he thought they could not do better than to leave the whole matter in the hands of the directors. (Cheers.)

Mr. Conybeare expressed the same views, observing that perhaps the directors would not consider it advisable to adopt the course of investing in Consols were they not urged to do so by the shareholders. If any change were made in the investment of the reserve fund it should be placed in Indian guaranteed securities. He was, however, quite of opinion that the matter should be left to the discretion of the directors. (Hear, hear.)

The report was then unanimously adopted.

The Chairman next moved the payment of a dividend at the rate of 4 per cent per annum, which was seconded by Mr. Gillespie (deputy chairman), and unanimously agreed to.

Mr. Lyall then proposed that the remuneration of the auditors, Messrs. Webber and Robertson, for the past year should be fifty guineas each.

Mr. Murrell seconded the motion, and explained that he did not intend to imply that money would be wanted in the colony to meet the requirements of the bank, but that he was in favour of investing a reserve fund in Consols on principle.

This being the whole of the business,

Mr. Tabor proposed and Dr. Picton seconded a cordial vote of thanks to the chairman and directors.

Carried by acclamation.

The Chairman, in reply, after thanking the shareholders, said that they must allow him to refer to the valuable services rendered by the general manager, Mr. Ransom. He (the chairman) was brought into almost daily contact with that gentleman, and could bear testimony to his untiring zeal and energy, not only in the general management of the bank, but in examining the accounts, which was a department that managers did not often trouble themselves about.

A shareholder said that he cordially concurred in the remark of the chairman, and proposed a vote of thanks to their manager, who was certainly most deserving of this recogniton by the shareholders. He would add that whenever he had called at the office he had been received by Mr. Ransom with the greatest courtesy, and every information he required had been willingly furnished to him. (Hear, hear.)

Mr. Tabor seconded the motion.

Mr. Ransom said that he was much obliged for this unexpected honour, and he could assure the shareholders that they would have his continued exertions in their behalf, and he was happy to say he had every confidence in the future of the bank. (Cheers.)

The proceedings then terminated.—*Daily News.*

RUSSIAN FINANCE.—The *Times* states that a report on the finances of the Russian Empire, by Mr. Consul Mitchell, has just been published, and furnishes the most complete general information accessible on this subject. It appears from it that in the thirty years from 1832 to 1861 the national liabilities experienced an increase of £216,500,000, or at the rate of seven millions sterling per annum, and that since that period, when a reform in the arrangement of the public accounts was effected by the energy of M. de Reutern, the present Finance Minister, the yearly amount of the loans resorted to has been at the rate of fifteen and a half millions sterling As far as can be gathered, the aggregate debt on the 1st of January last was £286,604,363, of which 71 per cent. was internal, and 29 per cent external. It further appears that while the indebtedness of the State increased 200 per cent. in the twenty-one years from 1845 to 1846, the ordinary revenue increased only 75 per cent., the foreign trade of the country remained almost stationary, and the population increased only 11 per cent. It is almost impossible, Mr Michell observes to state with strict accuracy the sums the Government has spent since 1862 in excess of its ordinary revenue. The accounts between the Treasury and the State Banks are so complicated as to defy any inquiry for the purpose of making a statement that would be beyond dispute. Practically the State helps itself to whatever it wants from the Bank, which is thereby compelled to issue more inconvertible notes to "strengthen the branches," and thus to suspend its own charter. "The Treasury may, indeed, be said to have broken the State Bank, for it has long been unable to meet its engagements to pay specie. Nor could it return to the public their deposits if demanded, except by a corresponding new issue of inconvertible paper." Since the commencement of this year additional loans of £2,000,000 and £12,000,000 have been introduced here and on the Continent for railway purposes.

THE ECONOMY OF HEALTH.—This busy nation of Americans have 12,000,000 working people, whose services may be estimated at $2 a day, and their annual loss by sickness at an average of ten days each in the year. This gives a total loss of $240,000 000 a sum three times as large as the whole cost of the General Government, including the Army, Navy, Post Offices, Legislators, Foreign Ministers and all. The amount weighs over six hundred tons in pure gold. A large proportion of this costly suffering might be averted by attention to diet, cleanliness, and above all, by the proper use of the right remedy in season. When a 25 cent box of Ayers Pills will avert an attack of illness which it would take several days to recover from, or a dollar bottle of Ayer's Sarsaparilla will expel a lurking disorder that would bring the sufferer to his back for weeks or months, does it take any figures to show thn good *economy* of the investment? When Fever and Ague is rankling in your veins and shaking your life out of you, is it worth the dollar it costs for his AGUE CURE to have the villainous disorder expelled, which it does surely and quickly? When you have taken a cold it is prudent to wait until it has settled on the lungs, when days or weeks or months must be spent in trying to cure it, even if it can be cured at all, or is it cheaper to take Ayer's Cherry Pectoral, costing a few shillings, and remove the trouble before it is serious? It takes no wisdom to decide.

HOLLOWAY'S PILLS.—Functional Disorders.—Who would be well must see that every organ o the body does its duty fully and fairly, which every one may certainly insure by occasionally resorting to these Pills, or by taking a course of them, according to the printed directions on each box. Stomach, liver, kidneys and bowels are all reached by their purifying and corrective qualities, and any departure from their natural action is strenuously resisted, and order and regularity enforced. Health may always be preserved by attentive obedience to Holloway's directions, and by using his medicines as directed by them. All obstructions will by this means be removed, the blood will be purified, and its free and faultless circulation established. 33 no19 1w

City Council.

TUESDAY, Nov. 26.

Council met at 7½ o'clock, p. m., His Worship the Mayor in the chair. Councillors present—Lewis, Gibbs, Allatt, Jeffrey, Crump and McKay.

The Clerk read the certificate of election and qualification of Councillor McKay.

The minutes of the meeting of Council, held on the 14th inst., were read and adopted.

COMMUNICATIONS.

From J. P. Davies, asking permission to repair the side-walk in front of the Cattle Market.

From R. G. Marsh, asking permission to make a crossing on Broad and Kane streets.

From Michael Weas, proposing to build a culvert on Menzies street; which were severally referred to Street Committee.

AUDITOR'S REPORT.

The Clerk read a lengthy report from the Committee appointed to audit the city accounts, showing the receipts and expenditures during the past year to have exceeded the sum of $8000; and the balance of funds in the bank to the credit of the Corporation, $85 87.

On motion, the report was received and placed on file, with an informal understanding that it be published.

RULES OF ORDER.

On motion, the rules of order of the late Council were adopted for the guidance of the present Council.

COMMITTEES.

The Mayor appointed the following standing Committees:

Finance—Councillors Gibbs, Lewis and McKay.

Sanitary—Councillors Jeffrey, Crump and Allatt.

Streets—Councillors Allatt, Lewis and Gibbs.

FIRE-WARDENS.

The following were appointed as Fire-Wardens for the present year:

For James Bay Ward—Councillor McKay
For Yates street Ward—Councillor Lewis
For Johnson street Ward—Councillor Jeffrey.

The action of the last Council in voting an additional sum of ten dollars each to the auditors of public accounts was confirmed.

ESTIMATES.

Councillors Gibbs, Lewis and McKay were appointed to submit at the next meeting of the Council an estimate of the revenue and expenditure for the present year.

SANITARY.

The action of the Mayor in causing the Clerk to notify the Chairman of the late Sanitary Committee that his services are not further required, was on motion of Councillor Lewis, approved, and the present Sanitary Committee were ordered to call upon the late Councillors for all funds and documents remaining in their hands, the property of this City Council.

TITUS CLAIM.

Councillor Lewis reported verbally that the Council, in a Committee of the Whole, had conferred with Mr Titus in regard to his claim, and had offered him the sum of $1500, in full, which he declined to accept. The action of the Committee was adopted by the Council.

CLERK AND MESSENGER.

Councillor Lewis gave notice of motion for the election of clerk and messenger at the next regular meeting of Council.

PUBLIC MEETING.

His Worship the Mayor stated that he had received a requisition, numerously signed, asking him to call a public meeting for the purpose of taking into consideration the question of the Capital, to which he had acceded, and he hoped the Council would indemnify him against any cost for which he might be liable.

Councillor Jeffrey moved, and Councillor Allatt seconded, that a sum not exceeding $25 be voted to defray the expenses of hall for said meeting.

Councillors Lewis, McKay and Gibbs opposed and after some discussion, the motion was withdrawn.

Council adjourned, to meet on Tuesday next, at 7½ o'clock.

BANK OF BRITISH COLUMBIA.—In another column will be found a report of the usual half-yearly meeting of this Bank, held in London on 2nd October, and which is copied from the London *Daily News* of that date. The Directors' report exhibits a very satisfactory statement of affairs, and the future of the colony was viewed hopefully by the meeting. The following figures exhibit at a glance the position of the institution at the date of making up the accounts, viz., 30th June:

SUICIDE ON LEECH RIVER.—On Monday evening a Chinaman was found hanging by the neck from a rafter in his cabin. The deceased had been missed three days. The deceased had been missed three days. He had evidently fastened one end of the rope to the rafter and placing the other end about his neck, mounted a small block which he kicked away with his foot, and thus remained suspended with his feet within four or five inches of the floor. An inquest will be held.

THE Pilot Board will meet to-day to consider applications for appointment.

A FINE ARRANGEMENT.—By telegram we learn that the steamer California leaves San Francisco on Wednesday next, 4th December, for Port Townsend, Seattle, Steilacoom and Olympia, *landing the Victoria passengers at Port Townsend.* Nothing is said about the mails; but we suppose they will be dumped with the passengers. So much for Executive stupidity and extravagance.

NEW BOOK—"*Carrie Carlton's Popular Letter Writer.*"—San Francisco: A. Roman & Co.—This work will be found a valuable assistant to those engaged in epistolary correspondence. It possesses a great advantage over most other publications of the kind, in that the letters contain a sort of continuous record of the doings of a family in America. For sale by T. N. Hibben & Co.

THE schooner Codfish came in yesterday from the West Coast, bringing furs, oil and merchandise from the fishing stations there. Mr and Mrs Manson, who have had charge of the mill establishment at Barclay Sound for some time, were passengers.

AN EARLY SITTING.—The magistrate opened the Police Court at 7 o'clock yesterday morning, and after disposing of the cases brought before him, started for Leech River with Mr Theakstone to hold an inquest.

AMATEUR PERFORMANCE.—The second performance of the season by the Victoria Amateur Club, assisted by Mrs Fowlis, will be given on next Tuesday evening, when the comedy of "David Copperfield" and "High Life Below Stairs" will be presented.

THE CIRCUS TROUPE.—The Anderson is expected to arrive to-day with the circus troupe from Seattle. Persons who have witnessed the performances of the troupe declare that they are really wonderful.

FROM LEECH RIVER.—Mr Cosgrove, from Leech River, reports that four companies are at work on the river, making from $1 50 to $2 a day. The river is very low. No snow has fallen this season.

THE Enterprise returned from Fraser's mouth at 4¼ o'clock last evening. She had among her passengers Hon Capt Stamp, Hon G A Walkem, Mr John Trutch and Mr Kimbell, of Yale.

THIS being Thanksgiving Day (a public holiday throughout the United States), the Telegraph office in this city will close at 11 a. m.

THE stern-wheel steamer Lillooet, Captain Fleming, with 35 passengers, arrived from Fraser-mouth yesterday morning. The Lillooet will undergo thorough repair here.

LOADED.—The ship "Nautaise and Creole" has completed loading at Moody & Co's Mill, Burrard Inlet, and is expected over to-day to sail for Callao.

EDITORIAL.—Mr Wasson, editor of the Owyhee *Avalanche*, and Mr Pettygrove, editor of the Port Townsend *Message*, are in town.

THE ship Mameluke, now lying at Esquimalt, will take in a cargo of lumber at Stamp's mill, Burrard Inlet, for Callao.

THE schooner Crosby sailed yesterday for Nanaimo, where she will load with coal for the Portland Gas Works.

ACQUITTED.—Louis Boudrier, accused of selling whisky to a Siwash, was acquitted yesterday.

COAT THIEF.—A Hydah Indian is in custody upon a charge of robbing Mr D. Cleal of a coat.

THE Diana came over from San Juan yesterday morning.

O Men Gatherem up!

HEYWOOD'S PORK SAUSAGE.

ELIXER OF LIFE—Mr Heywood, of the Yorkshire Market, has commenced for the season to make his celebrated Pork Sausage, manufactured from the very best of Island fed Pork—clean and pure as the snow that fell on Diana's lap—Oh, get out! Everybody buys them, because they are good. Now mind, be sure and make no mistake; it is in the fire-proof Brick Store, next door to the Old Original Coffee Stand.

AYER'S
Sarsaparilla

FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre* — a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming the palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I knew from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Medical.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased,

Determination of Blood to the Head.

This is generally occasioned by some irregularity of stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertigo dimness of sight and other indications of approaching apoplexy, are irrelevantly dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the region of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following Diseases:

Ague	Female Irregularities	Scrofula	King's Evil
Asthma	Fevers of all kinds	Sore Throats	
Bilious Complaints	Fits	Stone and Gravel	
Blotches on the Skin	Gout	Secondary Symptoms	
Bowel Complaints	Headache	Tic-Doulloureux	
Colics	Indigestion	Tumours	
Constipation of the Bowels	Inflammation	Ulcers	
Consumption	Jaundice	Venereal Affections	
Debility	Liver Complaints	Worms of all kinds	
Dropsy	Lumbago	Weakness, from whatever cause	
Dysentery	Piles		
Erysipelas	Rheumatism		
&c.	Retention of Urine	&c.

FRENCH MEDICINES IN VOGUE.

BY GRIMAULT & CO.,

Chemist to H. I. H. Prince Napoleon,

49 RUE RICHELIEU, PARIS.

NO MORE COD LIVER OIL

GRIMAULT'S SYRUP OF IODIZED HORSE RADISH.

This syrup is employed with the greatest success, in place of Cod Liver Oil, to which it is infinitely superior. It cures diseases of the chest, scrofula, lymphatic disorders, green sickness, muscular atony and loss of appetite. It regenerates the constitution by purifying the blood, and is, in a word, the most powerful depurative known. It never fatigues the stomach and bowels, and is administered with the greatest efficacy to young children subject to humors or obstruction of the gland. At last, it is very efficacious in the diseases of the skin.

No More Consumption.

GRIMAULT'S SYRUP OF HYPOPHOSPHATE OF LIME.

This new medicine is a sovereign remedy in phthisis and other diseases of the lungs, promptly removes all the most serious symptoms. The cough is relieved; the night sweats cease, and the patient rapidly recovers health.

No More Poverty of the Blood and Pale Complexion,

DRS LERAY'S PHOSPHATE OF IRON.

This new ferruginous medicine contains the elements of the blood and bones, and iron in a liquid state. It is different from all hitherto offered to the public, is liquid, colorless and tasteless. It speedily cures chlorosis, pains in the stomach, difficult digestion, dysmenorrhœa and anemia.

The majority of the Academies of Medicine of Paris recommend the Phosphate of Iron to ladies of delicate constitution suffering from anemia, and other persons fatigued from over anxiety, nervous emotions, over work, general debility and poorness of blood.

It is the only preparation which never causes constipation and can be borne by the most delicate stomachs.

Nervous Headaches and Neuralgias.

Instantaneously cured by

GRIMAULT'S BRAZILIAN GUERANA.

A vegetable substance, used from time immemorial in Brazil, and entirely inoffensive.

GRIMAULT'S CAPSULES AND LIQUID EXTRACT OF MATICO VEGETALIS

Where all other preparations have failed, these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris, by the celebrated Dr Ricord and are found greatly superior to all hitherto known mineral remedies and copaiba and cubebs. The injection is used in recent and capsules in more chronic cases.

DIGESTIVE LOZENGES AND POWERS OF ALKALINE LACTATES

BY BURINDU BUISSON,

LAUREATE OF THE PARIS IMPERIAL ACADEMY OF MEDICINE

This delicious preparation is prescribed by the most reputed doctors in France, against all derangements of the digestive functions, such as gastritis, gastralgia, long and painful digestions, wind in the stomach and bowels, emaciation, jaundice, and complaints of the liver and loins.
